FOREWORD

We believe without a doubt that this is one of the finest and most valuable numismatic collections offered by anyone for many years. An extensive collection especially in the United States series that required thirty-five years to assemble. This is truly a work of art for any experienced collector to achieve his desires.

Doctor August J. Lorenz, for many years known as a collector and an expert Optician, surely did his task well to perform a feat such as this; another of his fascinating hobbies is stamp collecting, which was handled equally as well as this choice collection of coins.

Doctor Lorenz has a large clientele of patients and has had to enlarge his offices several times, at the beginning of this year he had to enlarge them again. In his offices he has two sons who are fine Opticians and several assistants. This in itself proves that as well as being a Numismatist and a Philatelist he surely is a fine Optician, otherwise it would not be worthwhile for him to dispose of this excellent collection; so that he might devote his entire spare moments with his clients.

We feel sure that after you have checked over this catalogue closely and find the choice lots listed, you will find that Doctor Lorenz made a real sacrifice in disposing of his cherished hobby, in order to serve his fellow men better.

PLEASE READ TERMS OF SALE CAREFULLY BEFORE BIDDING

Unless mail bidders have an established credit with SMITH & SON, they must send a deposit of 25% of their bids, or submit first class reference, bank reference preferably. The terms to successful bidders are, prompt cash settlement upon receipt of statement immediately after the sale.

Remit by money order, draft or check payable to SMITH & SON.

No charge will be made for executing bids and items will be purchased for our clients at less than their bids whenever possible; collectors who make unlimited bids will secure the lots at 5% above the highest bid.

Bids at mere gold value will not be accepted as this sale is not intended for speculators of gold metal who buy coins for melting. Most of the gold coins in this sale are real rarities, so don't waste your time and ours by sending ridiculous bids.

The cataloguers feel that it is their obligation to conduct each and every transaction as fairly as possible. Errors will be corrected but the cataloguers reserve the sole right to decide upon any claims. No corrections or refunds will be made unless the bidder submits his case in writing within 5 days after coins are received.

All bids are to be per piece as numbered in the catalogue unless otherwise stated.

Unless otherwise stated, all items are guaranteed to be genuine.

A charge of 5% will be made for mailing and insurance on all packages sent out.

A printed list of the prices realized at this sale showing the amount each lot sold for, will be sent for 50 cents, CASH WITH ORDER. This is the best and only method to keep yourself posted on the prevailing prices of coins.

The cataloguers will gladly furnish estimates of the value of any lots in this sale.

Bids must reach us before noon 12:00, on June 29th, 1940.
